

App for pool entry

If the office has your email address, you should receive an invitation to download the app. If you do not receive an invitation, you must email stasaphsquarepool@gmail.com for information on how to access the pool. You will then receive instructions regarding the app we are using for electronic pool passes this year.

After you download the app, you will have to verify your identity. Once fully verified, you can open the app, enter your email address and upload your photo.

On the main page of the app, you do not have to click on “swimming pool” as there is no need to reserve times unless COVID rates require a change. The entry code is the little square at the top right corner. Once you tap it, it will get larger so it can be scanned for entry.

You will also be able to get notifications regarding the pool in case of weather closures, etc.

THANKS and enjoy the pool!
